

ISWP Standards Working Group

July 12, 2017 Standards Working Group (SWG) Update

This document provides an update from the ISWP Standards Working Group for July.

Updates

1. Design Guidelines:
 - a. Nancy is working to obtain pricing for publishing the design guidelines and requires high-resolution pictures that are included in the document, along with the source of the photos for acknowledgment.
2. Caster Testing
 - a. Update slides: <https://drive.google.com/open?id=0B3o-KpFV8x-8WEk1Q0VDQ3NHVWc>
 - b. The caster failure checklist will be evaluated for test-retest reliability with in-person and online evaluations.
3. Whole Chair Testing:
 - a. FWM will visit the company that is manufacturing the test track in South Dakota (RPM Technologies) Sept. 26-28.
 - b. Once a full week of operation is completed, the test track will be disassembled, painted and packed for shipment to Free Wheelchair Mission's office in Irvine, CA.

Subgroups (for reference)

- Design Guidelines: Mark Sullivan (lead), Daniel Martin, Jon Pearlman, Norman Reese, Chris Rushman, Eric Wunderlich
- Casters: Anand Mhatre (lead), Matt McCambridge, Jon Pearlman, Norman Reese, Don Schoendorfer, Joseph Ott, Stephanie Lachell
- Corrosion: Matt McCambridge, Don Schoendorfer, Anand Mhatre, Jon Pearlman
- Rolling Resistance: Norman Reese (lead), Matt McCambridge, Jon Pearlman
- Whole Chair Testing: Don Schoendorfer, Matt McCambridge, Josiah Auer, Mark Sullivan, Daniel Martin, Jon Pearlman, Norman Reese, Anand Mhatre, Dave Mahilo, Joseph Ott
