Next Meeting: Wednesday, January 11th, 2017, 07:00 a.m. U.S. Eastern Time.

Action Items:

1. Krithika to check with the existing members of their interest to participate in the meetings and the group's activities.
2. Integration pilot update:
 - Krithika to send a note to all the pilot sites requesting an update on what they have done so far with regards to wheelchair education, what they have planned in the next few months, other challenges and feedbacks.

Discussion:

1. Note to existing members

Paula suggested that we reach out to the existing members to check for their interest to attend the meeting and participate in the subcommittee's activities.

2. High Level Meeting Planning Update

The concept note was reviewed. Paula commented that the group needs to decide on who will be representing the subcommittee at the meeting. The approved funding for the meeting is USD 24,000. The group proposed the following potential list of attendees:

- Sue Eitel
- Maria Toro
- Nicky Seymour
- Paula Rushton
- Jon Pearlman
- Mary Goldberg

Nancy added that ISWP will be happy to put together a take-away package of information for the attendees of the meeting. She also suggested adding the handouts of the presentation in a notes format along with concept note and ISWP brochures. For the presentation, Paula and Karen will work on the survey and the interviews, Krithika will work on the integration pilot sites along with the general ISWP sides.

3. Integration Interviews Update

Karen gave an update that we have unfortunately lost the recordings of the interview with Cher from Dalhousie University and that there is an interview scheduled with Barbara Cranne of University of Hartford in the coming week. Paula to connect again with the Netherlands counterpart to know of their interest to be interviewed. Nicky mentioned that CBR training school in Africa might be good option to consider. Paula added from the research perspective, including Barbara Crane's interview there will be 8 completed interviews which is a good sample size for data analysis and transcription. Nicky mentioned that we have interviewed participants from high, low and middle income setting, sufficient PTs and OTs and it's a nice mix of people to report. The group decided to start with analysis with the 8 interviews and hold off on more interviews.

4. Integration Pilot Sites Update

The third integration pilot site meeting was held on November 15th 2016 with 5 interested partners. The recordings was shared as a follow-up. The current offerings from ISWP (basic test and the hybrid course) was shared, partnership framework was discussed. The meeting also included the existing training approaches, sharing existing training resources/challenges as well as using google plus community as the platform. The next meeting is scheduled for January 11th. Nicky added that we should also be able to identify new findings and learnings from these pilot sites which would be important to present at the high level meeting. And that getting updates from the integration pilot sites would be the next step. She suggested to connect with all the pilot sites requesting an update on what they have done so far with regards to wheelchair education, what they have planned in the next few months, other challenges and feedbacks.
